

**The artist's app for drawing and painting, Clip Studio Paint for Galaxy,  
now available in the Galaxy Store worldwide  
Free of charge for the first six months**

Celsys is pleased to announce the release of "Clip Studio Paint for Galaxy".\*1 for the Samsung Galaxy series from August 21 in Galaxy stores worldwide.\*2

Clip Studio Paint for Galaxy is an illustration, manga, and animation app with all the same functions as the versions for Windows, macOS, iPad and iPhone. You can use it free for 6 months when you download the app from the Galaxy Store. After the free offer ends, you can sign up for a monthly plan for your preferred devices (Galaxy / Windows / macOS / iPad / iPhone) and preferred payment plan to continue using the app. Clip Studio Paint for Galaxy will come preinstalled on the new Galaxy Tab S7 and S7+, the first Android device with Clip Studio Paint, so that artists can start using the app immediately.\*3 Users on smartphone devices can sign up for a plan or use the app for one hour per day for free without a plan.

**Galaxy Store:** <https://apps.samsung.com/appquery/appDetail.as?appId=jp.co.celsys.clipstudiopaint.galaxystore>

**App Showcase Video:** <https://youtu.be/057s3CAHGSo>

The app has high compatibility with the S Pen for Galaxy devices, taking advantage of features such as pen sensitivity and Air Actions. Air Actions allow you to quickly switch tools without touching the screen simply by moving the stylus, so you can enjoy a smooth drawing experience with efficient gesture shortcuts. If you don't have an S Pen, you can use the app by connecting with a Wacom Intuos pen tablet or Wacom One LCD tablet.

"Clip Studio Paint for Galaxy" is also compatible with Celsys' one-handed shortcut device "Clip Studio Tabmate". The Clip Studio Tabmate can be used with Galaxy devices to perform frequently used operations with the press of a button, so artists can more comfortably create illustrations, comics, and animations.

We plan to hold an international illustration contest this September to celebrate the launch of Clip Studio Paint for Galaxy. Contest information will be released on our official website and social media.

## Main Features of Clip Studio Paint for Galaxy

Clip Studio Paint is a drawing app for creating illustrations, comics, and animation, currently available for Windows, macOS, iPad, and iPhone. It has been used by more than 8 million creators\*4 all over the world. Artists of all levels use Clip Studio Paint for its natural and smooth drawing experience, from digital art beginners to professional comic artists, illustrators, animators, and designers, as well as universities and vocational schools.

### Beautiful, professional lines

You can adjust the pen pressure and stabilization settings to draw smooth, natural lines just as you intend. The app comes with a range of preset brushes such as pencils, G pens, watercolors and oils, or you can customize and make your own original brushes. Using vector layers, you can easily adjust your lines after drawing.

### Smooth drawing with Galaxy

Artists can use gestures with the S Pen to quick access tools and quickly switch between tools while drawing. You can customize the Air Action settings to assign S Pen gestures to your favorite tools.

### More than 60,000 materials

Clip Studio Assets offer more than 60,000 materials such as brushes, patterns, and 3D models. You can also upload and share your original materials.

### Tools to realize your vision

The app comes with 3D dolls to use as drawing references. Choose preset poses, pose them manually, or even use photos taken with your Galaxy device as a base for the pose. You can also use AI-based automatic colorization and extract lines from photos in your camera roll, or convert photos into screentones.

### Can be combined with Wacom Intuos pen tablet or Wacom One LCD tablet

If you don't have an S Pen, you can connect your device with a Wacom Intuos pen tablet or Wacom One LCD tablet to use the app.

### Save and access your data anywhere

You can sync your files to the cloud when saving. Work flexibly on your preferred devices, with the freedom to use your Android smartphone on the go and finish up on a PC or tablet at home or at work.

\*1 "Clip Studio Paint for Galaxy" is the name of the app in the Galaxy store.

\*2 Depending on the country or region, the app may not be available or the release date may vary.

\*3 The app is only preinstalled on the Galaxy Tab S7 and S7+. Preload availability may differ depending on the country and region. For other devices, the app can be downloaded from the Galaxy store from August 21.

\*4 Includes trial users and downloads of the iPad and iPhone version.

**CELSYS,Inc.**

Celsys will continue supporting creators to create artistic content with digital technology.

We provide solutions for content creation, distribution, and browsing, including support of creative activities through our illustration, manga and animation production software “Clip Studio Paint” and web service “Clip Studio”, as well as our e-book solution, “Clip Studio Reader”.
