RICH Miner launches free cloud mining: easily mine BTC with your mobile phone

Wednesday 18 June, 2025

Want to mine Bitcoin easily with your mobile phone? Now is your chance! RICH Miner officially launches a free cloud mining platform. Users do not need to buy mining machines or have technical foundations. They can participate in BTC mining anytime and anywhere with just a mobile phone. The platform relies on an efficient cloud computing system, allowing novices to easily get started and start their own digital asset accumulation journey.

RICH Miner Features

RICH Miner provides members of all levels with a safe, efficient and high-yield mining experience. Its main functions include:

Using energy generation, using free and recyclable electricity provided by nature (wind, water, solar, etc.) to provide a stable power supply for mining machines.

Safe and reliable: Using bank-level encryption technology, funds are safe and guaranteed, and mining income is settled daily.

Flexible and convenient: Supports a variety of mainstream currencies (BTC, ETH, USDC, DOGE, etc.), multiple currencies are free to choose, and recharge and withdraw at any time.

100% uptime guarantee and 24/7 technical support: Users can enjoy uninterrupted mining operations to ensure continuous profitability.

Signup bonus: New users can get a $15 signup bonus, earn $0.6 per day for free, and start mining immediately without upfront investment.

How to join RICH Miner to start free cloud mining?

RICH Miner provides a simple cloud mining getting started guide, and users can start mining in just two steps:
