Infinigate announces agreement with Barracuda Networks in Iberia

Tuesday 10 September, 2024

Infinigate Iberia will distribute Barracuda Networks' comprehensive portfolio of cybersecurity solutions, addressing key threat vectors to channel partners across Iberia. .

Madrid, Spain – 10 September 2024. The Infinigate Group, the leading technology platform and trusted advisor in cybersecurity, cloud and network infrastructure, today announced an agreement with Barracuda Networks Inc, a leading provider of cloud-first security solutions, to distribute the full range of Barracuda's cybersecurity solutions across Iberia.

Infinigate's customers will have access to Barracuda's innovative products that protect customer data and automate incident response for comprehensive and efficient cyber-threat protection. Barracuda's solutions cover the main attack surfaces, with hundreds of thousands of customers worldwide counting on them to protect their email, networks, applications and data.

With the ongoing escalation of cyber-attacks, in terms of both frequency and sophistication, multi-vector protection is a must to safeguard customers' data and networks. Ransomware, account theft and data breaches are frequent and can enter your organisation through email, web applications, remote access connections and vulnerable web browsers.

Reinaldo Rodriguez de Asevedo, Managing Director of Infinigate Iberia said: "I am delighted to welcome Barracuda to Infinigate Iberia. Together, we can generate great shared growth in the region, benefiting our channel partners through a valuable addition to our portfolio. The Barracuda suite of cybersecurity solutions will enable them to differentiate, gaining competitive advantage, offering customers a high level of reliability and security."

Miguel Lopez, Regional Sales Director, Iberia at Barracuda commented: "The agreement with Infinigate will help us to accelerate our channel growth in Iberia. Infinigate is the perfect distribution partner for us, thanks to their cybersecurity specialism, channel reach, expert support and range of professional services. We are committed to helping channel organisations offer their customers the multi-layered, defense-in-depth security they need in today's rapidly evolving threat landscape."
