

Workplace Testing for Alcohol

Random Testing Programmes

We can attend to carry out testing on employees, contractors, drivers or any other person who falls under the businesses health & safety policies. This process is great for making an impact on none tested persons and often acts as a deterrent.

Post Incident Testing

Following many HR and H&S incidents; companies find them selfs in need to rule out alcohol as a possible factor when carrying out investigations. We also understand that time is often of the essence and as such we offer a 24 hour call out service. We are able to give results within minutes of arrival to the site.

Policy Guidance & Aftercare

As industry leaders, we are always here to assist our clients. We will always ensure that our clients are legally protected prior to any testing activity and offer full aftercare support and guidance.

Did You Know...

Up to **5%** of workplace absences are caused through alcohol

This alone equates to nearly **14 million** lost work days in the UK
