Evendo and CJ Affiliate launch global affiliate programme

The global Events marketplace Evendo has today teamed up with CJ Affiliate's to introduce a global affiliate programme with the purpose of providing CJ Affiliate's millions of readers a more efficient way to organize events by giving them direct access to Evendo's 50,000+ event suppliers. The network will now serve Evendo's affiliate marketing activity across the world.

Leveraging Evendo's position as the worlds' biggest provider of event related products, experiences and services, this creates new unique possibilities in an otherwise analogue event market. Driving transformation in the way events are organized, by creating symbiosis between organizers, suppliers and participants, Evendo creates a true win-win-win situation for all parties involved.

"Our model has seen continuous growth in demand from event organizers – to the extent that we have out-performed our peers by a factor of 12", says Simon Nichols, Global Head of Partnerships in Evendo. "Our recent expansion to more than 10 new markets has put us in a position where we have massively increased potential reach but found it hard to capitalize on this expansion due to limited budgets for traditional marketing channels."

"This fantastic new partnership is a testament to our proven track record and continued commitment to creating relevant and bespoke solutions to deliver against our clients' strategic objectives," says Anne Delhon, Regional VP at CJ Affiliate. "We look forward to promoting Evendo while offering our hard-earned industry expertise, prowess in insight and data, and of course access to our high-quality publisher network."

"With this partnership, we extend our reach to more than 160 million potential customers in a way, which is a perfect match for our growth ambitions and cashflow while at the same time securing our brand positioning far better than via traditional channels.", Simon Nichols concludes.

CJ Affiliate was launched in 1998 and has been evolving the affiliate marketing industry ever since. Powered by Conversant, CJ's global network offers advertisers and publishers an unparalleled level of insight into consumer data, utilising over 160 million unique customer profiles.

The parties expect to launch the partnership by end of June 2020.
