

Mobiliare Issues US\$500 million 6.75% Senior Notes due 2032 in Successful Debut in the International Capital Markets

November 10, 2025 — Mobiliare Real Estate Solutions, a company focused on developing, owning, managing and leasing real estate properties in nine Latin American countries, announced today the closing of the issuance of US\$ 500 million aggregate principal amount of its 6.75% senior unsecured notes due 2032 (the "Notes") in a transaction exempt from registration pursuant to Rule 144A and Regulation S under the US Securities Act of 1933, as amended (the "Securities Act"). The Notes, which were guaranteed by several of Mobiliare's operating subsidiaries, will be listed on the Singapore Exchange (SGX-ST) (Ticker: MOBLMC) and were rated Ba1 by Moody's and BB+ by Fitch Ratings, the highest achieved for a Guatemalan headquartered company.

Mobiliare will use the net proceeds from the offering to (i) refinance most of its existing indebtedness and (ii) support its growth through a disciplined diversification and non-speculative strategy, anchored in long-term leases with multinational tenants and a robust financial framework.

"This transaction marks a pivotal milestone in Mobiliare's evolution as a regional real estate operating company," said Guillermo Montano, Chief Executive Officer of Mobiliare. "We were grateful to have 160 investors from North America, EMEA, Latin America and APAC interested in our company and for the opportunity to present our company to over 60 of them. It reflects confidence from high-quality investors in our fundamentals and enhances our ability to deliver institutional-grade assets that support our clients' operations in Latin America's expanding markets."

The Notes placement efforts were led by Bank of America Securities and J.P. Morgan. Mobiliare's US counsel on the transaction was Clifford Chance US LLP.

The Notes have not been and will not be registered under the Securities Act or under any state securities laws.
