CCPIT’s "Thousands of Groups Going Overseas", Shaanxi’s "Shaanxi Shines Globally": Shaanxi enterprises go overseas to expand markets!

In 2024, on the stage of global economic exchange and cooperation, Shaanxi once again showcased its charm internationally. On July 23, local time, the 2024 Shaanxi Special Products Exhibition in Aerospace Industry, organized by the Shaanxi Sub-Council of China Council for the Promotion of International Trade and Co-Hosted by the 48 Group Club and China UK Business Development Centre, with support from China-Britain Business Council, China Chamber of Commerce in the UK, and the Britain-China Local Economic and Trade Cooperation Promotion Association, was held in London. The China (Shaanxi) - UK Aerospace Enterprise Matchmaking Conference facilitated practical cooperation and exchanges between Shaanxi and the UK in the aerospace sector, providing a platform and bridge for Shaanxi enterprises to enter the international market.

At the same time, the Shaanxi CCPIT organized 15 enterprises to participate in the 2024 Farnborough International Airshow in the UK, fully demonstrating the excellent development potential and attractiveness of Shaanxi's aerospace industry. In the future, we anticipate Shaanxi to shine even brighter on the international stage and contribute more "Shaanxi strength" to global economic development.
