5 STAR CLINIC LTD Offers a Wide Range of Therapies to Relieve Persisting Migraines

Thursday 10 March, 2022

5 STAR CLINIC LTD is one of the well-known therapy centers in Preston, Lancashire. The clinic offers an extension of physical and mental pain relief solutions, including physiotherapy, hypnosis, massage, acupuncture treatments, and more. The clinic employs experienced and trained professionals who offer one of the best patient care in town. They have successfully treated chronic conditions such as neck pain, arthritis, sciatica, migraine, tennis elbow, and more.

More than 50% of the world's adult population have reported some kind of headache, and around 30% of those were diagnosed with migraine. A migraine is a severe recurrent headache that appears on the sides of a person's head. Often the symptoms include nausea, vomiting, sound, and light sensitivity. As migraine is a primary headache caused by another existing or underlying medical condition, it can be challenging to diagnose it.

5 STAR CLINIC LTD provides a wide range of therapies that helps alleviate migraines. Their migraine treatments are designed to help treat persistent headaches and reduce the severity of migraines. Alongside a medication that patients are treated with therapies, including relaxation techniques, that help the patient manage their stressors—physiotherapy, acupuncture treatments, and lifestyle recommendations, including dietary precautions and exercise routines.

Speaking of its migraine treatments, the company spokesperson asserted, "*At 5 STAR CLINIC, we offer non-surgical treatments to patients that help them recover quicker and manage their stress related to chronic conditions. People experiencing migraines are often on pain-relieving pills that temporarily help them ease the pain. We use a mix of therapies at our clinic that help patients alleviate the pain gradually and feel better with time. Furthermore, using acupuncture treatments and full-body massages, our experts can help with pain management that's potentially impacting your whole body.*"

The client also offers a range of affordable and high-quality treatments for work-related, sports, and accident injuries that may cause neck pain, back pain, sprained ankle, and knee pain. The clinic has an experienced team of expert physiotherapists and massage therapists that offer pain relief treatments.
