A message of hope: made by you

Tuesday 21 April, 2020

In these unprecedented times, it can be so easy to be consumed in the negativity that so easily seems to become encapsulating. This is where you are needed to step up and make a difference. Your country needs you!

Spread the Love attempts to produce a truly wonderful message of hope to all key workers in whatever role they may have; from the binmen to the ICU doctors. They are all needed and they all need support and uplifting. The plan is to edit together hundreds of videos of people simply saying 'Thank You'.

If you would be interested in getting involved, please send your 30-second clip to lovekeyworkers@gmail.com
