

Add multi-trade Property Maintenance professionals to your business

Monday 13 August, 2018

ACH have been providing housing since 2008, and a Registered Social Landlord since 2012, and are now sharing our expertise by training the property maintenance professionals of the future.

Both new and existing staff can access the professional training and industry- recognised membership and accreditation provided by our Property Maintenance Apprenticeships.

We know that every business is different; we will work with you to ensure that the delivery is tailored to your business needs and reflects your ethos, culture and skills requirement. We will support you to ensure candidates meet the Apprenticeship requirements, with the skills and knowledge both you and they need to provide a professional, safe and cost-effective service.

Once completed, the apprentice will be recognised by the British Institute of Facilities Management (BIFM), providing Affiliate Membership for the apprentice whilst studying and Associate Membership on achievement of the full apprenticeship.

To find out more, join us in Birmingham on Wednesday 12th September for lunch and the opportunity to find out how we can support your organisation with Property Maintenance Apprenticeships.
