Newburyport (MA, USA) – AdvancedDx Biological Laboratories USA Inc., an affiliate of ABL Diagnostics (FR001400AHX6 – ABLD, the “Company”), a Euronext-listed company that develops molecular biology assays and software for microbiology laboratories is pleased to announce today the opening of its new temperature-controlled warehouse in the USA, to offer its clients and partners improved quality and speed of service.

Undertaken through the execution of a Logistics and Warehousing Agreement between AdvancedDx Biological Laboratories USA Inc. and VELA Diagnostics USA Inc., the new warehouse, located in New Jersey, comes with a high-level logistics service specialized in warehousing and transport of biomedical, general laboratory products and medical devices to research laboratories and hospitals which complies with Good Distribution Practices (GDP).

The introduction of our warehouse represents a significant step forward for AdvancedDx Biological Laboratories USA Inc. as explained by **Ronan Boulme, ABL Diagnostics GRC Director**: “This brand new warehouse consolidates our presence in the USA and underlines our constant commitment to providing clients and partners with an excellent service dedicated exclusively to the healthcare sector.”

“Through this Logistics and Warehousing Agreement, we initiate an important move with ABL Diagnostics, which has the potential to strengthen the relationship between both companies, globally” said **Sam Dajani, Chairman & Chief Executive Officer at Vela Operations Singapore Pte. Ltd.**

ABOUT ADVANCEDDX BIOLOGICAL LABORATORIES USA INC & ABL DIAGNOSTICS

ADVANCEDDX BIOLOGICAL LABORATORIES USA INC is an affiliate of ABL DIAGNOSTICS S.A. (ABLD), a worldwide leading international company offering innovative and proprietary molecular biology assays applied for genotyping through DNA sequencing – DeepChek®.

ABL Diagnostics, based in Woippy, is a public company listed in compartment B of Euronext’s regulated market in Paris (Euronext: ABLD – ISIN: FR001400AHX6).

These molecular biology products are generating recurring revenues and cover one of the largest portfolio of microbiology applications,

ABL Diagnostics commercializes its entire line of products on a worldwide basis through its own sales team and through a network of exclusive distributors active on all continents. ABL Diagnostics clients are academic laboratories, private laboratories and researchers willing to implement innovative and robust microbiology contents in constant expansion.

The persons must inquire about the registration status of the ABL’s products to comply with local regulations.

Only Research Use Only (RUO) tests are available for sale in the USA as listed on the FDA website. For further information, please visit www.abldiagnostics.com

FORWARD LOOKING STATEMENT

This press release contains implicitly or explicitly certain forward-looking statements concerning ABL Diagnostics and its business. Such forward-looking statements are based on assumptions that ABL Diagnostics considers to be reasonable. However, there can be no assurance that such forward-looking statements will be verified, which statements are subject to numerous risks, including the risks set forth in the “Risk Factors” section of the universal registration document filed with the AMF on July 12, 2022 under number 22-296, available on the web site of ABL Diagnostics (www.abldiagnostics.com) and to the development of economic conditions, financial markets and the markets in which ABL Diagnostics operates. The forward-looking statements contained in this press release are also subject to risks not yet known to ABL Diagnostics or not currently considered material by ABL Diagnostics. The occurrence of all or part of such risks could cause actual results, financial conditions, performance or achievements of ABL Diagnostics to be materially different from such forward-looking statements.

This press release and the information contained herein do not constitute and should not be construed as an offer or an invitation to sell or subscribe, or the solicitation of any order or invitation to purchase or subscribe for ABL Diagnostics shares in any country. The distribution of this press release in certain countries may be a breach of applicable laws. The persons in possession of this press release must inquire about any local restrictions and comply with these restrictions.
