Affordable and Eco-Friendly Activity Packs for Kids

Tuesday 24 June, 2025

LONDON – Parents seeking engaging, affordable, and eco-friendly screen-free entertainment for children have a new go-to resource: **Komiika.com**, a brand-new platform offering high-quality **printable activity packs** for kids.

Unlike traditional children's magazines—millions of which go unsold and are ultimately pulped, creating a heavy carbon footprint—KOMIIKA is proudly **low-waste by design**. Each KOMIIKA pack is digital and made to be printed at home, reducing production, transportation, and retail waste. With no glossy covers, plastic toys, or delivery miles, KOMIIKA is the **greener alternative** to store-bought kids' magazines.

"Print what you need, when you need it. KOMIIKA is about giving families simple, joyful tools that don't cost the earth—literally," said the KOMIIKA founder. "We're proud to offer a product that's not just fun and educational, but also respects the future of the planet our children will inherit."

Each KOMIIKA pack is designed by educators and illustrators to spark creativity, problem-solving, and play. Activities include puzzles, drawing prompts, word games, and themed adventures for ages 7+.

And the price? **Less than a cup of a Starbucks black Americano**. At just **£2.95 per issue**, KOMIIKA offers unbeatable value, especially compared to traditional magazines that often cost two to three times as much—and may never even make it off the shelves.

KOMIIKA.com is live now with themed packs including Romans, Computers, Space, Tennis, and the Five Senses, with new content added every few weeks.

About KOMIIKA

KOMIIKA is a digital-first brand dedicated to low-impact, high-fun kids' content. By combining sustainability, affordability, and imaginative design, KOMIIKA helps families stay creative and connected—without screens or waste.
