AmplifyME Launches WorkX Summer School - The Ultimate Finance Work Experience for Sixth Formers

Monday 20 February, 2023

London, UK – AmplifyME, the leading provider of finance simulations and financial graduate programs, has launched WorkX Summer School, the world's most comprehensive summer program for Sixth Formers interested in pursuing careers in finance. The one-week virtual program is designed for 16-19-year-old students who would like to explore what finance and investing careers are like, regardless of their educational background or prior knowledge of Maths or Economics.

Taught by industry experts and accessible to students worldwide, the program uses state-of-the-art simulation technology to provide a hands-on, immersive experience. The courses cover all major areas of finance, including sales and trading, mergers and acquisitions, investment banking, and more.

In addition to the Level 4 Accredited Diploma in Finance and Investing, equivalent to 1st Year bachelor's degree, from the London Institute of Banking and Finance, students will also receive support in crafting a compelling personal statement, developing a standout CV, and navigating the higher education landscape. They will have the opportunity to form their first professional network through in-person meet-ups and a cohort of LinkedIn connections.

The WorkX Summer School is available for £799 if booked before April 30 2023, and £999 thereafter. For more information about the program, please visit https://amplifyme.com/course/workx-summer-school.

Amplify Schools, a subsidiary of AmplifyMe, provides simulations and workshops to schools across the UK and has an extensive network of recent school leavers who have successfully broken into various roles in the finance industry.
