Armadillo Sun announce new Monaco Modular collection of luxury, weatherproof bean bag furniture

Monday 29 July, 2019

Hawkhurst, 29th July 2019, Armadillo Sun, makers of luxury bean bag furniture Armadillo Sun are proud to announce, after 6 months of research and product design, our new Modular Monaco collection. This unique luxury bean bag furniture range consists of standalone and interlocking luxury bean bag chairs and ottomans. The Monaco ottomans can attach to a bean bag chair, transforming it into a lounger; act as a table for canapes and cocktails; or as a seat.

The ingenious interlock design of our Monaco furniture

Our new design incorporates interlinking rings with an ingenious little connector that creates a true multifunctional piece of furniture that can be used, inside and outside, whatever the weather.

Our unique fabric is used on the new range

The new range features our class leading fabric, that is waterproof, mould resistant and easy to maintain. Spillages? Just rinse off and you are done. Being fade resistant also means this product will last for many years without losing its attractiveness.

Caroline Lomax, owner and founder commented:

“Armadillo Sun was founded because of my love of the sun, the summer and outdoor living, which inspired me to create a collection of outdoor seating, furniture and accessories that don’t just look beautiful but can stand the test of time. Adding to our product range, with the new Monaco collection, was a natural progression as I felt a need to provide a true modular seating solution, for not only outside use but that is stylish enough to use indoors as well.”

About Armadillo Sun

Armadillo Sun are makers of luxury bean bag chairs & bean furniture, which are handmade in studios based in Kent, UK.
Using a tried and tested, (almost) indestructible fabric that's waterproof, mould and fade-resistant, Armadillo Sun **bean bag chairs**, **bean bag loungers**, **tables** and **cushions** are lightweight and portable, perfect for any setting.
