

## Articulate Marketing named a Q1 winner in HubSpot's 2022 Impact Awards

Tuesday 17 May, 2022

London, UK – Today, [Articulate Marketing](#) announced that it has been named a winner in the Product Excellence for HubSpot Sales Hub category in HubSpot's Q1 2022 [Impact Awards](#). HubSpot, a leading CRM platform for scaling companies, uses the award to recognise members of its Solutions Partner Program who go above and beyond to help their customers grow better.

By partnering with Articulate for our sales enablement services, our client, [Azured](#), has made the best use of HubSpot Sales Hub to build up a substantial deal pipeline and close a record number of deals for the quarter.

They're no longer reliant on limited lead sourcing tactics. Instead, they're making more connections with leads through LinkedIn prospecting and inbound methods, with a 1200 per cent increase in leads in just three months. These results are truly astonishing. They demonstrate the power of the right processes and tools in the hands of the right people.
