

Automechanika Birmingham Visitor Registration Now Open

Tuesday 26 January, 2016

Visitors planning to attend the inaugural Automechanika Birmingham exhibition, to be held at the NEC from the 7th to the 9th June this year, are now able to register for free by visiting the event website at www.automechanika-birmingham.com. The exhibition is set to become the most successful automotive trade show to be staged in the UK with over 550 UK and international companies exhibiting.

Exhibitors represent the foremost companies in the automotive aftermarket and supply chain, with both of these sectors of the motor industry in Britain currently enjoying considerable success. Automechanika Birmingham will provide a perfect platform and an important showcase for all concerned.

In addition to networking with a wide range of exhibitors from across the industry, many of which will be showcasing the very latest automotive technologies on offer, there are many other compelling reasons to attend the event. The Society of Motor Manufacturers and Traders (SMMT) will be hosting their much heralded Meet the Buyer and Open Forum events at the show whilst key industry figures will be invited to deliver seminars on some of the automotive sector's most pressing topics.

Automechanika Birmingham has produced a comprehensive visitor brochure containing valuable information and details on the exhibition and related activities. A copy is available to download by visiting the exhibition website.
