

Become a MyPokercoin Tournament Director and Start Earning Rewards!

Thursday 2 April, 2020

What is MyPokercoin rewards?

MyPokerCoin is the ultimate player reward as it utilizes blockchain technology to provide safe, transparent and secure transactions. The token can be stored in your own personal digital wallet and can be traded for other cryptocurrencies in the exchanges.

How is the MyPokercoin rewards token used?

MyPokercoin (MPC) can be used with multiple online poker mobile applications. The MPC is earned by the player and deposited to their personal digital wallets set up through the TronLink system which uses the TRON Blockchain. The blockchain provides cryptographically secure data transfers, providing players and establishments increased peace of mind through secure and transparent transactions.
