

BestHeating.com Announce Trade Account Launch

Friday 7 February, 2014

BestHeating.com is pleased to announce the launch of its trade account, which offers great discounts and unique customer care to members of the trade.

The trade account service has been carefully tailored to suit the needs of tradespeople and repeat trade customers to BestHeating.com.

It offers a host of unique benefits to holders, including exclusive offers, an automatic 10 per cent discount on all orders and a dedicated account manager to guide and assist with orders and queries.

“At BestHeating.com, we are committed to offering the highest quality products at the lowest possible prices. We recognise that trade businesses are working through incredibly competitive and difficult times where margins are tight and every penny helps”, says BestHeating.com director, Kyle Lovett-Blackwell. “As such, I am very proud to announce the launch of our trade scheme which offers these hard working businesses a minimum of 10 per cent off our standard retail prices. We hope that by working together with our trade customers we can build a strong relationship which their customers will feel the direct benefit of.”

To make things as easy as possible for the customer, BestHeating.com has ensured that the trade scheme application process is quick and simple. Application is done via an online form, with confirmation of acceptance received within 48 hours so that customers can begin to enjoy the advantages that come with being a trade account holder as soon as possible.

As the account and its benefits have been designed specifically for tradespeople and with their needs in mind, customers will need to provide proof of trade status in order to be eligible. This can be in the form of a VAT registration number, Company Registration number or a recent invoice, as well as other documentation.
