Bitcoinference Summer 2014 Amsterdam

Tuesday 15 July, 2014

Bitcoinference Summer 2014 will take place from wednesday three till friday five september on the Amsterdam Science park. This is where digital cash was born (David Chaum, Digicash).

Early Bird (Student) Tickets available here:
http://bitcoinference.com/tickets.html#Early-Bird-Tickets

People buying tickets using bitcoins/altcoins get 25% discount, Students get 50% discount.

"Amsterdam Science Park is where early attempts to integrate cryptography with electronic money were made by David Chaum (Chaum.com) (inventor of many cryptographic protocols. His 1981 paper, "Untraceable Electronic Mail, Return Addresses, and Digital Pseudonyms", laid the groundwork for the field of anonymous communications research. For example the predecessor of TOR: Mix networks), through his companies DigiCash (anonymous transactions) and ecash (anonymous electronic cash system), which used cryptography to anonymise electronic money transactions. ¨

We will list the speakers & panel members here:
