

BIXOLON Showcases its Advanced Printing Solutions for Intralogistics and Process Management at LogiMAT 2026

Tuesday 17 March, 2026

LogiMAT – (24-26.03.2026, Stuttgart, Germany) **BIXOLON Co., Ltd.**, a leading global Mobile, Label and POS Printer Manufacturer, invites visitors onto stand 2C37 at LogiMAT 2026 in Stuttgart, Germany, where BIXOLON will present an extensive portfolio of high-performance printing solutions tailored for the evolving needs of warehouse, transportation, production, and supply-chain operations.

Key exhibition product highlights will include:

Shipping Labelling – To keep pace with fast-moving logistics environments, BIXOLON will showcase its broad range of high-performance labelling solutions with variable print widths. The lineup includes the **NEW XD5-40II** 4-inch (118 mm) desktop label printer series, offering enhanced performance within a compact, cost-effective footprint. Alongside the unique **XQ-840II** 4-inch (118 mm) stand-alone tablet-embedded printer and the **SLP-DX220W** 2-inch (58 mm) slimline direct thermal label printer with Wi-Fi connectivity. For high-volume operational demands, BIXOLON will present the cost-efficient **XT3-40**

4-inch (114 mm) industrial printer, alongside the competitively priced **XD3-40** 4-inch (118 mm) series featuring a compact design and essential industry features. Completing the range is the robust and sustainable **XL5-40** 4-inch (114 mm) linerless printer designed for variable-length labelling without waste.

RFID Labelling – Understanding the importance of track-and-trace within logistics, BIXOLON will be presenting its comprehensive range of mobile, desktop, and industrial RFID print-and-encode solutions. This includes the feature-rich, premium **XM7-40R** 4-inch (112 mm) mobile RFID label printer, the **NEW XD5-40IItr**

4-inch (118 mm) RFID-enabled desktop thermal transfer label printer, and the **XT5-40NR** 4-inch (114 mm) high-performance industrial thermal transfer RFID label printer.

- **Mobile Printing** – BIXOLON will also highlight its reliable mobile portfolio, including the bestselling **SPP-R200III** 2-inch (58 mm) ergonomic and lightweight mobile printer. Alongside the outstanding **XM7 Series** comprising of the **XM7-20** (2-inch / 58 mm), **XM7-30** (3-inch / 80 mm), and **XM7-40** (4-inch / 112 mm) Auto-ID mobile liner and linerless label printers, supported by a wide range of accessories ideal for logistics and warehouse operations.

BIXOLON will also be joined on the stand by **Urovo Europe**, a leading global manufacturer of rugged mobile devices who will be showcasing its latest rugged mobile computing solutions designed to improve efficiency and productivity in logistics and warehouse environments. Highlights include the new DT66 full-touch mobile computer, the RT40S rugged handheld for demanding warehouse operations, and the U2 wearable mobile computer for hands-free workflows.

"LogiMAT continues to be the premier stage to connect with partners and customers who are driving forward innovation in intralogistics," cites **John Kim, Marketing Director, BIXOLON Global**. *"We're excited to showcase our latest printing technologies, designed to deliver efficiency, durability, and actionable data to today's fast-moving supply-chain environments."*
