

Boursa Kuwait Certifies ZagTrader Market Making Platform

Wednesday 30 October, 2019

Dubai, United Arab Emirates

Boursa Kuwait previously offered the market making services in a bid to develop the market, boost liquidity, and streamline the market's institutional performance. ZagTrader, a Dubai-based technology company specializing in Banking and Capital Markets Solutions, has formally announced today that it is one of the first platforms to be fully certified by Bourse Kuwait as per to their policies, testing and procedures.

On the back of Boursa Kuwait's announcement in the previous years, Market making is a crucial tool that serves in boosting liquidity of securities listed in the stock market in Kuwait. ZagTrader has worked closely with the market and its participants to provide an effective and easy to use solution for its participants. Many Market Makers who have already been licensed; and, those who are looking to be licensed by the Capital Markets Authority have approached and shortlisted ZagTrader to accelerate adoption of its Market Making Platform.

The ZagTrader Market Making and Liquidity Provision solution is a combination of more than one product that delivers an end-to-end offering for firms involved in this activity. The risk and market exposure that Market Making / Liquidity Provision entails absolutely requires an automated, risk controlled and high speed system. With dedicated algorithms for each type of activity The ZagTrader Market Making solution allows firms to comply with regulatory, business and risk requirements while working to maximize the profitability.
