Boxing Charity/Corporate Partnership

Friday 13 January, 2017

PRESS RELEASE

ANNOUNCEMENT OF THE OFFICIAL PARTNERSHIP BETWEEN BOXING FUTURES LTD AND BOXERCISE COPRPRATION

From January 2017, **Boxing Futures** and **Boxercise Corporation** will be working together in partnership to further their mutual passion for young people to benefit from access to sport.

Boxing Futures Ltd is a registered charity founded in 2013, connecting with 16 – 25 year olds in local communities who are facing social disadvantage, at risk of offending or already caught up in the criminal justice system. **Boxing Futures Ltd** uses the **Boxercise Award Scheme** as the framework from which to operate from, because of it's a straightforward, down to earth and fun way of engaging our young people with this sport. Through the Boxercise Instructor Course, our staff are trained to an exceptionally high standard, with an internationally recognised qualification.

Boxercise and **Boxing Futures Ltd** believe that their working partnership will allow both organisations to increase the reach, effectiveness and impact that they are able to have on the lives of young people. Increasing participation in sport, mental well-being, offering access to opportunities to improve life chances for young people who often feel ignored, marginalised and who long for a different and brighter future.

From its launch in 1992, **Boxercise** has grown exponentially and is now recognised as the world leader in non-contact boxing fitness. Through the Boxercise Award scheme, young people are provided with specific lesson plans that take participants from basic Boxercise skill development to more advanced schemes.

Look out for further announcements about the partnership and information on how you can get involved.
