

Brabantia Brews Up A Modern Twist On A 'Nice Cup Of Tea'

Wednesday 24 October, 2012

Brabantia, well-known for fusing beautiful design with innovative functionality, has created the perfect way for you to enjoy a relaxing cup of tea, with its new Get Together T4ONE.

After water, tea is the most widely consumed beverage in the world and Brabantia's T4ONE has made brewing your perfect cup of tea easier than ever before.

The chic T4ONE set comes with five beautifully useful accessories so you can mix and match depending on the occasion. Choose from a porcelain tea mug in lavender or white and accessorize with a lavender and stainless steel tea strainer for loose leaf tea and an innovative Tea Buddy that attaches to the side of the cup to conveniently hold your favourite biscuit, or neatly store a used tea bag, avoiding drips or stains on your table.

The complete set can be carried in one hand so you can hold your favourite book or magazine in the other for that tranquil tea moment. Or, if you are preparing 'Tea for Two' you can carry a set in each hand.

Add a dash of lemon or lump of sugar and stir with the stylish stainless steel tea stirrer to make that perfect brew. What better way to unwind and enjoy the company of friends, than with this stylish and modern take on the tradition of afternoon tea?

As Henry James, the well-known author, once said: "There are few hours in life more agreeable than the hour dedicated to the ceremony known as afternoon tea."

Dishwasher safe, the T4ONE comes with lavender themed felt gift shapes (emoticons), ready to give as a perfect present. T4ONE is part of the lavender 'Get Together' range, one of the most comprehensive collections of porcelain, textiles, cutlery and accessories featuring two other contemporary colourways – white and grey.

Brabantia products are available from leading retailers, including high street department stores, superstores, quality independent housewares and kitchen product specialists. For details, please contact the Brabantia sales department or visit Brabantia's website www.brabantia.com.
