Brand new App Environment launches this World Ocean Day on Earth Cubs with Ocean Generation

Tuesday 7 June, 2022

World Ocean Day on 8th June is a chance to celebrate the earth's one shared ocean.

One ocean that connects us all! Earth Cubs and Ocean Generation have come together with a brand new app environment to play and learn - Tahiti!

Visit Earth Cubs' free app and let Polly Pufferfish show you around her amazing underwater home. Watch videos, play games and learn about the impact that plastic pollution has on our amazing oceans and how we can all make a difference.

Teachers can access loads of incredible teaching packs, lessons and activities - all FREE!

Bring ocean learning into the classroom by educating and inspiring the next generation of global citizens.

Brad Davidson, Head of Youth Engagement, Ocean Generation

"Ocean Generation are excited to embark on this new educational project that enables children to learn about the importance of the Ocean and its interconnectedness to all life on our blue planet. We are always looking for new and innovative ways to make environmental education more fun and accessible, and we look forward to championing this through our new partnership with Earth Cubs"

Toby Hunt, CEO of Earth Cubs

"We are excited to launch an exciting new ocean environment in the Earth Cubs app - as we continue our mission to encourage kids to learn and love the world. Kids play and discover planet-saving stories about the ocean and have fun on the way! We are super proud to be partners with Ocean Generation."
