

BRAND NEW FREE AUTO EXPRESS APP NOW AVAILABLE

Monday 19 October, 2015

The UK's best-selling car magazine has launched an all-new free app for Smartphone and tablet users.

The new Auto Express app presents the very best weekly motoring news and car reviews in a fast, engaging, easy to download and completely free format. The app is available now for Apple iPad and iPhone, Android devices and Amazon Kindle.

The new app brings a fresh dimension to Auto Express' car coverage, delivering in-depth motoring content directly to users' handheld devices. It's the first opportunity to read many of the latest Auto Express reviews and news stories as the new app is available for download every Monday evening, before the print issue goes on sale. It's regularly updated too with the day's top breaking news added every weekday afternoon.

As well as news and reviews, the Auto Express app includes the famous Auto Express group tests and exclusive video content. It represents a great new way to get the best of Britain's favourite car magazine whether you're relaxing at home or out and about.

The app's digital content store lets readers navigate between any of the issues they've downloaded, regardless of whether they're on or off-line. It all means there's never any need to miss out on your weekly car news fix.
