Brighton Sustainable Fashion Week - Ecommunity in Style!

Friday 22 September, 2023

Brighton, UK – August 25, 2023 – Sustainable Fashion Week (SFW) is coming to Brighton for the first time ever, taking place on Monday 25th September to Sunday 1st October 2023. With free events across the week, leading up to a two-day showcase at Brighton Dome, everyone is invited to celebrate sustainable style and join 'The ReWear Revolution'!

The SFW hub in Brighton, organised by Brighton Peace and Environment Centre in collaboration with local community interest company Sew Fabulous Brighton and a network of passionate sustainable fashion advocates, is poised to revolutionise the way we perceive and engage with fashion. This committed team are working for free to make this event happen. With the support of The EcoSystem Incubator, Discarded Spirits, and Peper Harow, the week aims to invite everyone to enjoy conscious fashion, no matter their style.

"Brighton Peace and Environment Centre has been championing sustainability and combating climate change for over 25 years. We believe that Sustainable Fashion Week is a fantastic event to be bringing for the first time to our city, it perfectly aligns with Brighton's trend setting attitude and the community's long-standing commitment to a more sustainable future. We can't believe that this is the first ever!"

Becca Freeman Centre Manager of Brighton Peace and Environment Centre

The theme for this year is 'The ReWear Revolution', inviting anyone who wears clothes to consider how they can buy less and wear more, weaving together a passion for fashion with the fair treatment of people and planet. With a diverse lineup of free events that include fashion film screenings, a sustainable fashion marketplace, flashmob catwalks, topical panel discussions, creative workshops, and more, the SFW hub in Brighton promises to put style and sustainability on everybody's radar.
