Celebrating Five Years of Innovation and Excellence: Yellow Box Software Marks Milestone Anniversary

Tuesday 13 August, 2024

Stourbridge, West Midlands – 15/07/2024 – Yellow Box Software, a leading full stack technical agency, is proud to celebrate five years of delivering innovative digital solutions to clients across the UK. Since its inception in 2019, the company has established a reputation for providing superior and original tech solutions, working with industry giants such as DPD, as well as numerous start-ups and local businesses.

Over the past five years, Yellow Box Software has completed over 50 websites and launched more than 20 hybrid applications, demonstrating time and again their capability to deliver high-quality digital products. In line with the diverse needs of their impressive portfolio of clients, the company's comprehensive service offering ranges from website and app development to ERP systems, bespoke software programmes and API integrations. During discussion around their ever expanding skill set, Luke Passmore, Founder of Yellow Box Software, stated: “In an increasingly digital world, automation and digital are driving change across a range of industries and verticals. Legislative changes are pushing our manufacturing and industrial clients to record production, finance and emissions on digital systems, and we are here to support them at every stage.”

With a steadfast commitment to quality and security, Yellow Box has achieved ISO 27001 certification, affirming its adherence to the highest standards of information security management. The company also boasts a five-star rating on Trustpilot and has funded the planting of over 500 trees through Ecologi, contributing to global reforestation efforts and underlining a dedication to environmental responsibility.

As part of their dedication to continuous improvement and innovation, Yellow Box Software has recently expanded its service offerings to include digital marketing. This new addition will enable clients to benefit from a holistic approach to their digital strategy, ensuring they can achieve their digital impact and business goals more effectively.

Reflecting on this significant milestone, Mr Passmore commented: "We are incredibly proud of what we have achieved over the past five years. Our success is a testament to the hard work and dedication of our talented team, as well as the trust and support of our clients. As we look to the future, we remain committed to driving innovation and delivering exceptional results for our clients."

In step with their growth strategy, Yellow Box is pleased to announce the expansion of its team and the relocation to a new office space in central Stourbridge. The new premises will provide a modern, collaborative environment designed to support the company’s continued evolution, creativity and innovation.

Throughout its journey, Yellow Box has remained a steadfast supporter of the local Midlands community. The company is dedicated to giving back through various initiatives and partnerships, contributing to the region's economic development and digital transformation.

As Yellow Box embarks on their next chapter, the team remains focused on their mission to deliver cutting-edge digital solutions that drive success for their clients. With a growing team, expanded service offerings, and a new office space, the future looks bright for this vibrant and forward-thinking agency.
