cellar.sw4 is the latest venture from the people behind Dvine Cellars based in Clapham. Opening their doors on the 18th of June and located directly opposite Clapham High Street overground station, cellar.sw4 is a new and exciting wine bar and shop. cellar.sw4 is perfect for bespoke events, wine tastings and pairings, specialising in biodynamic, organic and sustainable wines: they will be serving real wines with an Antipodean slant.

With craft beers sourced from the locality, all found within walking distance of Clapham, and a range of London-based spirits, which the team will be expertly crafting into a delicious cocktail menu, cellar.sw4 has the credentials to be one of Clapham's finest and unique wine experiences. They focus on quality not quantity, and their team is knowledgeable and able to advise customers, whether purchasing a glass after work, a bottle to enjoy with friends or a case to be relished.

"Clapham is constantly evolving, there are plenty of cafes, delis and bars but there isn't a wine bar locals can call their own. We have sniffed, swirled, sipped, and have chosen to offer expertly crafted, unique wines. We have created a light and relaxed environment where people can enjoy wines and craft beers in an informal atmosphere," enthuses Greg Andrews, Owner.

cellar.sw4 plans to host regular events and the space is available for private hire, so if you don't wish to spend a small fortune and want something different, look no further than cellar.sw4 - Greg and the team will be happy to assist you.
