

Centerprise Services Order Management System Integrates With BMO's Trading Technology Platform

Thursday 23 February, 2023

Centerprise Services, Inc., an independent provider of advanced trading and order management systems for hedge funds and asset managers, has successfully integrated its TOMI Order Management System (OMS) with BMO's electronic trading platform, the Clearpool Algorithmic Management System (AMS).

This collaboration between Centerprise and BMO creates a robust integrated platform with unparalleled connectivity and efficiency for the mutual benefit of both institutional investors and sell-side market participants.

Eric Yu (CEO of Centerprise Services): "With buy-side trading desks exerting greater control and seeking enhanced transparency over their order flow and routing, the integration of the AMS into Centerprise's TOMI platform unlocks liquidity for our clients, giving them access to a network of over 120 brokers combined with the latest market leading algorithms and data analytics."

Reto Tuffli (chairman of Centerprise Services): "We are very excited about this new partnership with BMO and the benefits it brings to Centerprise's OMS users, providing them with seamless access to a comprehensive range of strategies in order to best satisfy their trading and execution objectives."

Michael Green (COO and EMEA Head of Electronic, BMO Capital Markets): "We welcome the opportunity to integrate our trading technology platform with the Centerprise Services OMS. Providing sophisticated investors with algorithmic trading solutions designed to seek better quality executions is key to our European expansion."

About Centerprise Services, Inc.

Centerprise Services, Inc. is a leading independent provider of enterprise technology solutions serving the investment industry, including the advanced TOMI order management system. With an impressive track record of success and continuous innovation, TOMI OMS is a key component of the Centerprise EP platform, a highly configurable cutting-edge solution specifically designed for hedge funds and asset managers who need to efficiently manage and control their business operations end-to-end. Centerprise EP provides investment professionals with a full suite of front, middle and back-office tools in a modular enterprise management solution that covers the entire investment, compliance, and reporting lifecycle.
