Chilterns Neuro Centre celebrates 40th anniversary with Ruby Ball at Pendley Manor

The Chilterns Neuro Centre celebrated its 40th anniversary with a special Ruby Ball held at Pendley Manor near Tring, welcoming around 140 guests for an evening of celebration, dinner and dancing. The event was in honour of the Wendover-based charity, which provides vital support and therapies to people affected by MS, Parkinson's and strokes.

Guests enjoyed a three-course dinner followed by live entertainment from local band The Strats, who kept the dancefloor full throughout the evening. Through ticket sales, a raffle and an auction, the ball raised an impressive £23,501 to support the Centre's ongoing work in the community.

The event was supported by a range of local organisations and individuals, with Dux Advisory proudly serving as Platinum Sponsor.

"This was a truly special evening, bringing together members of our community to celebrate everything the Centre has achieved over the past 40 years," said Danielle Medd, Fundraiser Manager at the Chilterns Neuro Centre. "We are incredibly grateful to everyone who attended, donated and supported the ball. A particular thank you goes to Dux Advisory for their generous sponsorship and continued commitment to the work we do."

"We were delighted to support the Chilterns Neuro Centre for such an important milestone," said Shaun Brownsmith from Dux Advisory. "The Centre plays a vital role in improving the lives of so many local people and we are proud to help ensure its services continue into the future."

The Chilterns Neuro Centre extends its heartfelt thanks to all who contributed to the Ruby Ball's success and looks forward to continuing its mission of helping people in the local community affected by MS, Parkinson's and strokes to live life to the full.
