It's never too early to start thinking about Christmas and gifts – especially if you want to surprise your friends with something stunning, totally unique and authentic – and all without breaking the festive bank!

Don't waste £'s on expensive chocolates that never get eaten, or on a sweater they'll never wear – why not put your gift budget towards something that's beautifully designed, colourful, functional and carries the hallmark of a master artisan. "A thing of beauty lasts forever" and this is where Mayalma, the exciting, new home accessories company can help.

Mayalma offer an exquisite range of glassware and decorative arts for the home, hand-crafted by the skilled artisans of Mexico, using traditional designs and techniques handed down through the centuries. Visit their website to find the stunning mouth blown recycled glassware of Jalisco, intricately hand painted pottery of Michoacan and stunning embroidery from the Otomi community, inspired by ancient spiritual wall paintings.

Your chosen piece will become a 'timeless' gift – used and admired throughout the year. And with prices starting from as little as £8 for a stunning shot glass – Christmas will be a happy one all round!

MAYALMA – helping make this a Happy Christmas.
