The Galaxy Book Flex2 5G is a 2-in-1 convertible laptop with a 360-degree rotating display that comes with an S Pen. With 4,096 levels of pen pressure sensitivity, it offers a smooth drawing experience just like drawing on paper. Creators can flip the screen into tablet mode using the 360-degree hinge to focus completely on creating.

To download Clip Studio Paint and obtain the software's serial number, users simply need to launch Clip Studio Paint START for SC, which comes preinstalled on the Galaxy Book Flex2 5G.

Clip Studio Paint is software for illustration, manga, and animation production used by more than 10 million people worldwide**. Known for its natural, pleasant drawing feel and versatile functions, Clip Studio Paint is used by a wide range of users, from digital art beginners to professional creators in the manga, illustration, and animation industries. The software has also been taken up by universities, vocational schools, and other art-related educational institutions. The software is available in seven languages (Japanese, English, Traditional Chinese, Korean, French, Spanish, and German), and more than 60% of its users are from outside Japan. Clip Studio Paint has become a global standard for creators all over the world.
