

Corbel Donates Over 150 Computers to Tools with a Mission, Alleviating Shortage

Tuesday 9 May, 2023

Ipswich, UK – Corbel, a leading provider of IT support, Cyber Security and Cloud services, donated over 150 computers to Tools with a Mission (TWAM), a charity dedicated to providing tools and equipment to underprivileged communities in Africa. The donation comes at a critical time, as TWAM is currently experiencing a shortage of computers, a vital tool in their mission to empower and uplift those in need.

The donated computers became available as part of Corbel's business refresh at one of their workplace recovery sites. The PCs are modern and equipped with Windows 10, making them a valuable asset to the communities that will receive them. With technology becoming increasingly essential for education, communication, and economic development, the impact of these computers on the lives of the people they reach will be profound.

Corbel's connection to TWAM stems from Tim Goddard, a Director of the company, who also serves as the Volunteer Rugby Operations Manager for the charity. Recognising the dire need for computers in the countries where TWAM operates, Goddard saw an opportunity to repurpose Corbel's resources and make a meaningful difference.

With the donation of these computers, both Corbel and TWAM continue to work towards a brighter future for all.

Anyone who has tools to donate can do so by visiting twam.uk/donate-tools, where they will find a list of all the tools that TWAM sends, as well as a postcode checker to find their nearest volunteer collector.

Anyone looking to volunteer with TWAM can visit timefortwam.uk, their dedicated volunteering website, which has information about all of TWAM's locations and roles, showing how people can get involved in livelihood creation.

About Corbel

Corbel are East Anglia's leading provider of IT support, Cyber Security and Cloud services. Their service is award winning on both a local and national level, backed by a dedicated team of professionals delivering exceptional service levels and value for money. Find out how their unique, personal approach successfully aligns the right technology to suit each business, resulting in happy teams, improved businesses and satisfied clients. <https://www.corbel.co.uk/testimonials/>

About Tools with a Mission

Tools with a Mission (TWAM) is a charity that collects, refurbishes, and ships tools, sewing machines, computers, and other equipment to communities in need around the world. By providing vital equipment, TWAM empowers people to learn new skills, gain independence, and improve their lives.
