Crazy Domains Offers Malaysian Start-ups to Kick-start their Business for as Low as RM5

Tuesday 19 July, 2016

Australia's leading Domain and Hosting registrar goes Crazy in Malaysia

Malaysia - July 20, 2016 - Entrepreneurs could be having dilemmas about how to kick-start their businesses without having to spend too much. That's a common problem, after all.

Right now, at this very minute, start-ups all around the world could be struggling to keep their business going due to increasing costs. But it could just be that they have been looking in all the wrong places.

But there's a crazy easy option out there that can help.

What are your objectives for this year? Are you ticking the boxes on your list of goals? Are you planning to take your business to the next level?

This year you have a new business partner. Driven by technology, with on-demand products and services with unbeatable value, Crazy Domains, a brand that brings the best of the best deals for your business!

Known for its crazy easy business platform, Crazy Domains is a top performing brand under Dreamscape Networks, a leading authority in online research and development. Currently, it provides premium quality online solutions to over 1.5M customers worldwide. Now, Malaysia can join the family.

Australia's renowned online service provider is highly focused on product innovation and Best-in-World customer care. Using the latest technology, Crazy Domains allows you to fearlessly bring your business to the world. And you can now go global for as low as RM5.

Make your name known. Shout from the digital rooftops to bring more opportunities, more clients, and more partners. It may not be that easy to begin with, but you can get there if you follow the crazy easy steps to kick-start that business of yours!

Dreamscape Networks CEO, Mark Evans, said:

"As Australia's number one domain brand, we feel like it's a natural progression for us to help our Malaysian customers build their online presence. Our brand purpose is to make it Crazy easy for anyone to succeed online, and that's why we get out of bed in the morning: to help our customers achieve their online goals."

With Dreamscape's main goals of "providing simple, innovative, and affordable online products and services that change lives", one of its tech companies, Crazy Domains, has been a place to call home for millions of domains because of its crazily good prices and crazy deals.

Initially a domain registrar in Australia, Crazy Domains now provides web hosting, website design, online marketing, servers, and online business packages. Moreover, it has several offices and data centres around the globe.

About Crazy Domains

ICANN-accredited tech company Crazy Domains is a provider of premium web services that include domain registration, web hosting, web design and development, dedicated and cloud servers, and business packages to millions of microbusinesses and SMBs worldwide.

Founded in Australia in 2000 as the licensed domain name registrar Aust Domains, Crazy Domains has satellite offices in Australia, Philippines, Singapore, and Ukraine.

The company is overseen internationally by **Dreamscape Networks FZ-LLC**, which is headquartered in United Arab Emirates. To know more about the company, visit **Crazy Domains Malaysia** at www.CrazyDomains.my**.**
