CroMedicor can help you get the body you deserve with Vaser Lipo and other esthetic treatments up to 65% off

Croatia is the new hot spot for high quality esthetic treatments in Europe! With prices for most popular esthetic treatments up to 65% off and only 3 hours by plane away it is excellent choice for everyone looking for high quality with all treatments done by Europe's best certified plastic surgeons!

VaserLipo, ultrasonic liposuction treatment, which can painlessly sculpt the body, and even use the removed fat for breast enlargement, is performed in Milojevic Clinic by Dr Milojevic, known in the UK as the "Botox King", one of the world's most respected specialists for non-surgical esthetic treatments.

"Because after the treatment with ultrasound the fat is so soft, it is possible to precisely shape the muscles of the abdomen and hands, shape the buttocks, and even the whole body. This technology is amazing, and now without a gym we can achieve a perfectly shaped body with no prominence and with rapid recovery" – said Dr Milojevic.

Additionally, the Milojevic Clinic, through collaboration with Croatia's top plastic surgeons, offers many other esthetic surgery procedures such as rhinoplasty, otoplasty and blepharoplasty.
The authentic royal treatment you can expect at the Milojevic Clinic is confirmed by the fact that even the English princess Kate Middleton, who now holds the title of "Catherine, Duchess of Cambridge", has sought Dr Milojevic's advice on health and skin beauty.

What sets Milojevic Clinic in Croatia apart from the rest in Europe is the fact that before your treatment in Croatia, you can set an appointment with Dr Milojevic in London at his Milo Clinic in Harely Street. This co-working of two clinics from UK and Croatia provides a unique service in Europe where you can do your Pre and Post treatment appointments in London and the VaserLipo treatment in Croatia with 65% lower cost than in the UK.
