

Dr Naveen Bhaduria Announces Service Expansion to London's OneWelbeck

Tuesday 19 September, 2023

(London) 18/09/2023 – Dr Naveen Bhaduria, an NHS consultant rheumatologist who has been practising at North Middlesex University Hospital NHS Trust since 2018 and has hitherto also worked out of the Schoen Clinic Orthopaedic and Spinal Hospital in London, is proud to announce the expansion of his services to London's OneWelbeck beginning 20 September 2023. Dr Bhaduria looks forward to meeting with patients at his new location.

Located at 1 Welbeck Street, the OneWelbeck hospital is a relatively new and ultramodern hospital providing a variety of private healthcare services to patients. The hospital's major advantage is its centralised location.

OneWelbeck is conveniently located within the Harley Street medical district. It is close to both Bond Street and Oxford Circus, providing easy access to patients throughout London. The location is less than 10 minutes away from Canary Wharf and the city centre and is serviced by public transport.

"I am truly looking forward to a new experience at OneWelbeck," Dr Bhaduria said. "Such a wonderful and modern facility will allow me to offer my Early Inflammatory Arthritis Clinic to both new and existing patients, along with all of the other services I have offered over the years."

Dr Bhaduria went on to explain that OneWelbeck provides access to services and equipment not available in other facilities. As an example, he cited the availability of a DEXA scanner that improves a clinician's ability to assess osteoporosis.

Although Dr Bhaduria will be starting at OneWelbeck on September 20, he will also continue to provide care at his other locations. Patients can continue to see Dr Bhaduria at:

- ? Fortius Clinic London
- ? Spire London East
- ? BMI The Cavell Hospital

Patients can book appointments with Dr Bhaduria [through his website](#) or by directly calling the location of their choice. Those wishing to visit him at the new OneWelbeck location can find that information on his website or go directly to the OneWelbeck website and search for him as a provider.

About Dr Naveen Bhaduria

Dr Bhaduria is a substantive NHS consultant rheumatologist practising private rheumatology at multiple locations throughout the greater London area. Dr Bhaduria practises general rheumatology and treats patients with a wide variety of different rheumatological conditions including those suffering with osteoarthritis, connective tissue disease, and other painful conditions, including fibromyalgia and chronic pain. He is a member of the Royal College of Physicians, the British Society for Rheumatology, and the BMA.
