*Borgo Panigale (Bologna, Italy) - 2 July 2015* - Ducati Motor Holding appoints IMG as its exclusive global licensing representative, in a deal based on 4 years to work across all Ducati licensed products.

Ducati has developed a significant and well-established licensing programme covering a range of lifestyle products that includes clothing, accessories, toys, perfume and the Ducati Caffè. IMG will be tasked with optimising the management of that programme and to take it to the next level.

*"The Ducati brand's licensing activities have long been successful," states Diego Sgorbati, Director of Motorcycle Related Products at Ducati Motor Holding. "Now however, the time has come to make use of specialised skills to increase our efforts and create a global footprint, which we think IMG is well qualified to provide. That's why, after looking at the alternatives, we realised that only IMG offered a standard of service in line with our own standards and objectives."*

Bruno Maglione, IMG Executive Vice President and President of IMG's worldwide licensing division, adds: *"Ducati is one of those best-in-class brands that builds and inspires emotions. It is in very rare company among the premier brands of Italian performance and style. Those are values that are seductive and appealing all over the world and they can translate powerfully to other products consistent with a Ducati inspired lifestyle."*

The Ducati brand licensing activities will be supported by an IMG team based in Milan, which will work closely with both management at the Ducati Motor Holding headquarter and with IMG's global licensing team.
