One of DURABLE's leading product ranges, DURAFRAME, has been listed as a finalist in the Tomorrow's Facilities Management Awards 2016. Now into its fifth year, the Tomorrow FM Awards select the best FM products launched over the last 12 months with the winner voted for by the public.

"We are delighted to be shortlisted for this award," comments Kate Robson, Marketing Manager UK & Ireland. "Since its launch, DURAFRAME has proved to be an extremely popular product with existing and new customers alike. It is great to be recognised by this prestigious award scheme within the FM sector."

Designed to be a convenient way to display notices, signage, posters, security signs and more, DURAFRAME is a cut above the rest, offering a stylish and versatile frame to FM professionals for content manageability in a range of different environments.

All DURAFRAME® products can present up to two separate posters at one time if applied to glass doors or windows, providing the opportunity to display different messages. As well as being space-conscious, DURAFRAME® has been designed to be repositioned, leaving no trace or residue when removed from the surface.

Moreover the product is simple to use; peel off the protective paper and apply the self-adhesive back to any smooth, solid surface such as walls, doors, windows, filing cabinets etc. Designed with a magnetic seal that holds the literature in place, inserts are quick and easy to display and can be updated any number of times.

As well as being available in variety of pack sizes, from A6 up to A1, DURAFRAME® is available in a wide range of contemporary colours, including Metallic Silver, Gold and Red.

Always adapting and expanding to suit all needs, DURABLE expanded its popular DURAFRAME® range in 2015 with three new formats; SECURITY, NOTE and CUSTOM. Ideal for health & safety and warning signs within public spaces or hazardous areas, DURAFRAME® SECURITY features three bicoloured frames that are compliant with ISO 3864-4 safety colours. For materials that require direct writing, DURAFRAME® NOTE is a professional frame for information notices. Complete with a pen holder, DURAFRAME® NOTE is suitable for a range of documents that require regular updates, including service tasks and cleaning or safety checks. Finally, DURAFRAME CUSTOM is an adaptable frame that can be branded with customised logo prints in RAL or PANTONE® colours. Printed on both sides, customers can have the logo positioned anywhere on the frame offering maximum personalisation.

To vote for DURAFRAME® as the best FM product 2016 please visit https://www.surveymonkey.co.uk/r/tfm_awards_2016.
