EARN £300 BY DRESSING UP AS A SKIP IN A CITY NEAR YOU

Wednesday 16 February, 2022

From NFTs to crypto-currency, we are all looking for the next way to make money fast. But, we've got one of the easiest ways of making £300 in a month.

The job may bring back memories of a certain pizza company and involves someone willing to dress as a skip for one day.

Fastskips.co.uk are looking for multiple candidates who will be willing to dress up as one of their shiny green skips to promote the brand across numerous cities in the UK.

They're a new business that provides skip hire to customers all over the UK, and thanks to SEO and other marketing tools, they're growing rapidly as one of the largest skip hire companies in the UK.

But, they still like the old-school marketing style and see value in getting out there to physically promote your product - even if it is a skip.

The successful 'skip models' will earn £100 a day, for a maximum of 3 days a month. They're flexible about the candidates' workdays and encourage a flamboyant sales style.

Whether you can see yourself as a break dancing skip or your singing can make potential customers' hearts skip a beat - they're open to whatever sales tactic sparks the UK's inner skip hire needs.

Gavin Leverett, Managing Director of Fastskips.co.uk, said: "We're looking for confident people who don't take life too seriously. I know it isn't the most glamorous thing to dress up as - but it's the perfect job for someone friendly. Particularly students who are looking to make money and have a bit of a laugh whilst doing it."
