Eco Resort Network Event Launches in Slovenia

Wednesday 13 November, 2019

L**ondon, November 2019:** The world's first dedicated networking conference and convening event for professionals working in the Eco Resort sector will take place from 18-20 June 2020 in Bled, Slovenia.

The exclusive event will comprise of only 70 delegates who will be hand-picked to contribute expertise in a number of areas of sustainability, finance, marketing and operation. Backed by the Slovenian Tourist Board, Eco Resort Network is organised by International Glamping Business Magazine, World of Glamping
and Regenerative Resorts.

"Since our launch in September, we have received enquiries about the event from all over the world," says Steph Curtis-Raleigh, Publisher of International Glamping Business and convening organiser.

"People like the idea of a small gathering where they can really explore the issues they face as Eco Resort operators. They want to share best practice on sustainability and they have challenges on issues such as energy, waste and recruitment, as they are often operating in far-flung places. Meanwhile, guests have high expectations of a luxury experience and the market is becoming increasingly competitive. Eco Resort Network will allow a free-flow of ideas and inspiration among operators, consultants and travel writers in the beautiful surroundings of Slovenia."

Those interested in being considered for a delegate place at Eco Resort Network are invited to fill in an application form on the site here.
