Leader in Cloud-Based Maintenance Management CMMS Systems Has Seen a 181 Percent Revenue Growth Over a Three-Year Span

November 13, 2013 (Marlton, N.J.) – eMaint Enterprises, a leader in cloud-based maintenance management software (CMMS), has made the Deloitte's Technology Fast 500 list of the fastest growing companies in North America. The 2013 rankings were announced today by Deloitte LLP.

Technology Fast 500, conducted by Deloitte LLP, provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies – both public and private - in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2008 to 2012.

"The 2013 Deloitte Technology Fast 500 companies are exemplary cases of those spurring growth in a tough market through innovation," said Eric Openshaw, vice chairman, Deloitte LLP. "This year's list is a who's who of companies behind the most exciting and innovative products and services in the technology space. We congratulate the Fast 500 companies and look forward to what they do next."

"The eMaint team has worked hard to sustain our growth by pursuing innovative approaches in partnering with each client to help them achieve their maintenance and reliability goals. " eMaint CEO Brian Samelson said. "Being recognized for our technological, customer-driven innovation on Deloitte's 2013 Technology Fast 500 list is truly an honor."

Recent innovations include the development of expanded portfolio of Professional Services and the opening of a unique interactive Experience Center in Southwest Florida, which enables customers to explore eMaint's X3 CMMS software features on a variety of devices under the guidance of a product expert.

eMaint achieved revenue growth of 42 percent in 2012 over the previous year, and 181 percent revenue growth over a three-year span. eMaint's staff has more than tripled since the beginning of 2010. Additionally, eMaint has expanded its offices in New Jersey and Florida, and has opened an office in the Technology Hub in Dublin, Ireland to support its expanding client base in Europe.
