Events booking platform Poptop releases market leading technology

Wednesday 23 October, 2019

Poptop, the UK's leading events booking platform based in Newcastle, has become the first of its type worldwide to offer clients planning events accurate live pricing and real-time availability of event suppliers.

Poptop's 'Instant Quotes' service allows clients to get instant pricing from over 12,000 suppliers for everything from catering and music to photography and transport, check available dates and make real-time bookings for any type of event including weddings, parties and corporate functions.

The launch of this new service follows the £615,000 investment in the company by the business angel network Dow Schofield Watts Angels (DSW Angels) and Northstar Ventures in December 2018. Established in 2005, Poptop now has over 300,000 customers in the UK and 12,000 suppliers.

About Poptop

Poptop is the only real-time booking platform that offers multiple events requirements in one place for the UK events sector. It provides an online marketplace that matches people planning events with suppliers including caterers, entertainers and photographers. Ranked number 17 in the BusinessCloud's North East Tech 50 for 2019 and with plans to expand the team headcount further, Poptop looks set to continue its success in developing the leading online booking experience in the UK and beyond.
