EverFold Celebrates Success in the UK, Turns Personal Photos into Colouring Books

Monday 16 February, 2026

United Kingdom – EverFold, the innovative Bristol-based company that transforms personal photos into personalised colouring books, is celebrating a year of remarkable success in the UK. Since its launch in early 2025, the service has captured the imagination of families, schools, businesses, and community groups, turning everyday memories into screen-free creative experiences.

At the heart of EverFold's offering is a simple yet compelling idea: users can upload their favourite photos, ranging from family portraits and pets to holidays and special celebration, and instantly transform them into detailed colouring books for children. The digital books are professionally printed, bound, and delivered as physical books, allowing customers to enjoy a hands-on, personalised gift.

Dr. Jon Baker, CEO of EverFold, reflects on the company's rapid adoption across the UK:

> "EverFold has been amazing for so many people. Customers across the UK have told us how we've revived old photos, brought smiles to children, supported people with dementia, and even created unique, meaningful gifts. Seeing memories come to life like this is why we do what we do. I'm so proud of what we have achieved so far!"

EverFold attributes its success to product innovation, quality output, and an intuitive online creation process. Customers can preview the full book before ordering, ensuring they receive the exact colouring book they created themselves. By offering competitively priced products without compromising on quality, EverFold ensures that their personalised colouring books are approachable for a wide range of customers.

Looking ahead, EverFold aims to build on its UK success by expanding internationally, bringing its unique approach to photo-based creativity to new markets in USA, Canada and Australia while maintaining the same high standards and customer-focused experience that has won acclaim at home.

About EverFold

Founded in 2025 and led by Dr. Jon Baker, EverFold transforms personal photos into custom colouring books that are professionally printed, bound, and delivered. With a focus on creativity, accessibility, and quality, EverFold helps families, schools, and businesses turn everyday memories into engaging, tangible experiences.
