

Everything that Exists – Accidental “Evolutionary” Process or did God Create Everything?

Wednesday 11 November, 2015

Basingstoke, GB. — November 11, 2015 — The Church of the Eternal God announces the availability of its free booklet, “Heavens and Earth...Before and After the First Man!” This booklet focuses on the many puzzling questions pertaining to the ancient history of planet earth, the history of man, and the purpose of the existence of mankind.

Was there a world prior to Adam, and if so, what did it look like? Is everything that exists simply the product of an accidental “evolutionary” process or did God really create everything within the frame of a master plan? These questions seem to only provoke a confusing array of responses rather than reasonable and sensible answers. However, a search of the Bible provides real answers to these and many other questions.

While scientists believe there is proof the beginning of the universe began with a “big bang”, the Bible shows us something altogether different. God says in Genesis 1:1, “In the beginning, God created the heavens and the earth.” The New Testament confirms these claims in Hebrews 11:3, “By faith we understand that the worlds were framed by the word of God, so that the things which are seen were not made of things which are visible.” Hebrews 1:10 tells us, “You, LORD, in the beginning laid the foundation of the earth, and the heavens are the work of your hands.” Again, we are told that it was God who brought into existence everything there is.

The Bible clearly shows that God is the Creator of all things, but what exactly did He create? Did God create voracious dinosaurs and other vicious creatures? If He did not create them in that aggressive state, how and why did they become like that? Is it possible that some of them survived? Is it possible that the Loch Ness Monster or Ogopogo really exist? Could creatures such as Bigfoot, Sasquatch or Yeti exist today? How long has man existed?

The author of the booklet, Evangelist Norbert Link explained: “The Bible provides answers to the many questions man has around his existence and the cohabitants of this Earth. To truly and fully understand what God reveals in the Bible and how these truths relate to the history of man and beyond, one must be of an open mind and have a willing attitude. Obedience to God is the unfaltering key that is necessary if we really do want to understand the great picture that includes the 7,000 year plan for mankind and beyond.”

About Church of the Eternal God

The Church of the Eternal God in the United States—with its operations around the world, including Die Kirche des Ewigen Gottes (in German-speaking areas), the Church of God, a Christian Fellowship (Canada) and the Global Church of God (United Kingdom)—exist to fulfill the Work which Jesus Christ has given to His Church. It is through the fruit of unity in God’s Holy Spirit that we strive to be of one mind in doctrine, purpose and practice.

We conduct weekly Sabbath services with an emphasis on live transmissions over the internet and in local congregations where possible. We also observe biblical Holy Days as commanded by God.
