Express Cleaning Supplies Launches New Eco Logik Cleaning Range

Thursday 24 April, 2014

One of the UK's leading suppliers of cleaning products and equipment, Express Cleaning Supplies offer a vast range ideal for those working in the commercial cleaning business, either as an individual or as part of a larger business.

The new Eco Logik range of products has been created, as the name would suggest, with the environment and with green credentials in mind.

From toilet cleaner to hand lotion, the Eco Logik range is broad and covers any and every requirement that a cleaner would require in a day to day role.

As effective as the best cleaning products on the market, the Eco Logik cleaning products kill 99.999% of bacteria, and are effective at killing MRSA and other harmful viruses.

As well as cleaning products, a new range of sanitising products including washing up liquid and air fresheners, as also available.

Why buy Eco Logik over other brands?

The Eco Logik range of products have been developed to provide as good a clean as any other brand in terms of providing an efficient and effective clean, while being safe-to-use and not harmful to the environment too.

Prices of the new eco range are also designed to be competitive with the more traditional products; so if looking to replace cleaning products, look for an environmentally friendly product in future.

It's often thought that the environmentally friendly products are more expensive, but in reality it's simply not the case.

For example a 1 litre bottle of Eco Logik washing up liquid is on sale at £1.80 +VAT - compare that to a 750ml bottle of Fairy washing up liquid which comes in at £2.20 +VAT.

While Fairy is hardly an environmentally damaging product; Eco Logik still trumps it in terms of both price and also in terms of green credentials.

Where is Eco Logik stocked?

Express-Cleaning-Supplies.co.uk are currently the sole UK retailer of the Eco Logik brand, offering the competitively priced cleaning products for sale online and also in their shop in Aylesford in Kent.

For further information on the Eco Logik brand, Express Cleaning Supplies can be contacted via telephone on 01622 714800 or via email at sales@express-cleaning-supplies.co.uk
