FirstAid4Sport Is Thrilled To Announce A New Partnership With IGR Union Cup 2023

Tuesday 11 April, 2023

As part of this partnership, FirstAid4Sport will be providing the tournament's physios with all the necessary first aid and recovery products to **ensure the best possible care for the athletes**.

As a **leading supplier of sports-related first aid and recovery products**, FirstAid4Sport is committed to providing the highest quality products and services to help athletes prevent and treat injuries. Their extensive range of products includes everything from sports first aid kits, sports taping and strapping, to supports and braces, and hot/cold therapy products.

The IGR Union Cup is the biennial European tournament of IGR International Gay Rugby and will be next hosted in 2023 by the Birmingham Bulls in Birmingham, England. The event is set to take place in April 2023 and promises to be a **thrilling showcase of rugby talent and sportsmanship**.

The partnership with IGR Union Cup 2023 reflects FirstAid4Sport's commitment to promoting health and wellbeing in sports. "We are incredibly excited to be partnering with IGR Union Cup 2023," said Dimitrios Pegioudis, Trading Manager at FirstAid4Sport. "We believe in the power of sport to **bring people together and promote health and wellbeing**. Our products are designed to help athletes stay injury-free and recover quickly from any injuries that do occur. We're looking forward to working with the tournament's physios to help keep the athletes on the pitch and performing at their best."

For athletes and sports teams looking for high-quality sports-related first aid and recovery products, FirstAid4Sport is the go-to supplier, offering a comprehensive range of products, as well as information on how to use them effectively.

With a proven track record of providing **top-quality products and excellent customer service**, FirstAid4Sport is the perfect partner for sports teams and athletes looking to prevent, treat injuries and perform at their best, and are trusted by physios and sports medicine professionals for their effectiveness and reliability.
