Fontanot, the epitome of stylish staircases

Wednesday 4 December, 2013

Yet again the amazing contemporary staircase designer Fontanot shines through the competition with a new range of custom built staircases perfect for the modern home.

The italian designer has released four exciting new design stairs including the: Magia 70, Magia 50, Pixima Steel Zink and Pixima Long. All of which are available for order on the Fontanot website.

When it comes to DIY the average Brit takes the least amount of time designing the staircase and the immediate area, often seeing this area of the home simply as an access to the upper floor. What's is almost always overlooked in many homes is the fact that a staircase can completely revolutionise the living space and create an amazing feature that makes your home something special.

Fontanot is one of the leading international staircase kit designers and production companies with over 40 years of experience in creating sold and long lasting home furniture with an authentic twist. The company is proud of their traditional italian roots and creativity that influences all their products.

Fontanot's Marketing manager states: "Since the 1970's we've been the leading staircase designer and manufacturer in Europe, renowned for creating hardy products with stylish aesthetic italian heritage"

The new range of Fontanot Staircase kits come with a fantastic 20% discount which can be redeemed via their website. Fontanot also offer a bespoke service where customers can freely design a set of stairs to match the layout of their home.

Fontanot is always looking to expand into different markets utilising their experience in the furniture industry. To this end they have also recently produced a range of stair railing for Mezzanines and Balconies.

Magia 70
Spiral staircase - Diameter: 110, 130 and 150 cm. The Magia 70 is a contemporary spiral staircase featuring wooden treads (available with 12, 13, 14 or 16 risers) and a solid steel structure.

Magia 50
Outdoor staircase - Diameter: 110, 130 or 150 cm. The Magia 50 is appropriate for those looking for an external staircase or an indoor spiral staircase with a simple aesthetic design.

Pixima Steel Zink
Steel Zink spiral staircase – Diameter: 120, 140 and 160 cm. Height: 273 – 376 cm (14 – 17 risers). The Pixima Steel Zink outdoor spiral staircase is composed of perforated steel steps protected with zinc plating, making it an ideal non-slip staircase for outdoors, whether for the home or the workplace.

Pixima Long
Modular stairs – Tread width: 65, 75, 80 and 90 cm. Looking for an elegant staircase which is easy to install? The Pixima Long modular staircase may be just what you're searching for.
