London, UK – The inaugural GB News Charity Calendar 2026 has proven an instant hit, selling out completely shortly after launch and prompting GB News to produce additional copies to meet the overwhelming public demand.

Priced at £9.99, this wall calendar features 12 stunning, viewer-submitted photographs showcasing the best of Britain's landscapes and seasons – from rolling hills and harbour towns to spring markets, autumn mists, seaside summers, and snowy peaks.

100% of profits from every sale go directly to the London Taxi Drivers' Charity for Children (LTCFC), proudly supported by Queen Camilla. Founded in 1928, LTCFC has spent nearly a century supporting disadvantaged and special-needs children through annual outings in decorated London black cabs, funding for essential equipment (such as mobility aids, communication boards, and sensory rooms), theatre trips, Christmas parties, and more. All donations go straight to the cause, with a voluntary committee ensuring no salaries or overheads.

Chairman Tony shared his heartfelt thanks in a message to supporters:

"This is just a little thing I did this morning for the calendars, because they sold out and we had to do another interview to redo it. But this is just for me to say thank you to everybody for the past year, and happy new year going forward. So, a happy new year to everybody!"

With over **700 calendars sold** in the initial run, the rapid sell-out underscores strong support for beautiful British imagery and meaningful charity impact. The GB News Shop is currently sold out, with operations paused over the holiday period (reopening 5 January 2026), but additional production is underway to restock soon due to the exceptional demand.

This successful first collaboration between GB News and LTCFC highlights the power of community generosity as we head into 2026. The charity looks forward to putting the funds to work creating joy and providing vital support for children who need it most.
