GDS Group Named Number Two Top-Rated UK Workplace by Indeed.co.uk

Monday 30 September, 2019

GDS Group, the global B2B events and technology services company, has been named number two on Indeed's Top-Rated UK Workplace: Best in Technology.

The announcement was made on Wednesday, Sept. 25, as Indeed updated their annual list in a sector that has continuously "succeeded in shrugging off many of the Brexit concerns that have slowed the pace of business investment elsewhere."

According to their website, Indeed "for the first time… analysed millions of employee ratings and reviews on the Indeed Company Pages to determine, from a workers' point of view, which are Britain's top-rated tech employers."

According to Indeed, GDS Group and other companies were selected based on a "proprietary algorithm to rank companies using a variety of factors, such as average rating, number of reviews, and the history of job openings… The ranking methodology is applied uniformly across all companies, in all lists."

Apple came in number one on the list, followed by GDS Group, Cisco, Microsoft, and Siemens rounding out the Top 5.

One employee from Bristol told Indeed that "I would have no problem recommending GDS to anybody who is looking for an exciting and rewarding career. The management team work tirelessly to hire, induct, train and retain the best talent in the market with the priority being to further develop and upskill all employees."

Spencer Green, Founder and Chairman of GDS Group commented:

"It is a great and humbling honour to be included on this list, with some of the largest and most successful companies globally. The credit though, rests squarely on the shoulders of all of our employees around the world who work tirelessly to deliver high-quality experiences for our customers, and also to inspire each other every day."

Tanya Thomas, CEO of GDS Group further commented:

"The importance of our inclusive company culture is paramount to what we do every day. It's the North Star that we follow to make sure every interaction with GDS Group, both internally and externally is something we're proud of. To be recognized for this is a huge achievement that we are grateful for.

About GDS Group:

GDS Group is a global events, research and technology services company dedicated to helping clients meet the challenges posed by a fast-moving, disruptive business environment. Our B2B summits and events bring purchaser and provider communities together to find solutions to real-world business challenges.
