Genmist Launches New Butter Flavour Heatsticks

Wednesday 1 December, 2021

Genmist announces new flavour heatstick on 11.28, the long anticipated butter tobacco flavour heatstick is now officially on sale in Genmist Shop.

“According to the feedbacks of the samples from our valued customers, the butter tobacco flavour is rarely seem in the market and the taste is rich and good,” Shelley, marketing director with Genmist said. “After multiple times of testing and improving, we have upgraded the Light Flavour heatstick into a whole new butter tobacco flavour. The new arrival features a strong classic tobacco taste blended with smooth, light, creamy butter flavour, it has a mouthwatering strong butter aroma and aftertaste. It surely will capture the heart of butter lovers.”

Though the Light flavour has upgraded, the package is still the same.

Genmist currently has eight different herbal heatstick flavors and is selling worldwide. It is now one of the most popular herbal smoking product in Europe, especially in UK and Germany.

Genmist herbal heatstick was a heat not burn product developed by Nioo Labs, the world's leading research lab which is devoted to innovating the latest 100% tobacco-free products. Genmist herbal heatsticks are tobacco-free and tar-free. It is an alternative for adult smokers who intend to quit tobacco but still want to enjoy the real tobacco taste and nicotine hit as well as the satisfaction of smoking without the smoke or ash of cigarettes. It is composed of a mixture of various herbs and other plant materials.

Genmist has launched 2 product lines: Heatsticks and Nicotine Pouches. Genmist Heatstick has been named one of the most popular heatstick by AP News. Genmist currently has eight different herbal heatstick flavors and is selling worldwide. It is now one of the most popular herbal smoking product in Europe, especially in UK and Germany.
